Customer Reviews

This book is full of so much information that you don't realize you need to know until you read it. It is exciting, and unlike some of the devotionals and non-fictionals it is not bewildering it is clear and concise. I cannot tell you how much I have been looking for this information, how many books that say they will tell you all about Spiritual Warfare but you end up reading about their experiences and opinions, not Biblically backed up whereas this is backed up by the Bible. Who knew that objects in the house could have demons attached to them and that is just the tip of the iceberg. It is a major read for your library. I was given this book for an honest review

Just began reading, but is really good and has a 32 Day Prayer Focus for practical application.

As always - right on point!

Very well written backed by scriptures and by giving first hand experiences that can be related to!!!

Loved it ! Need to finish it thank you for the reminder !
