Customer Reviews

This is the worst coloring book ever! I don't know how it got such good reviews! You can't even color half of the pages because they are too dark. I bought it for a coloring book, and I can't even do that with it. Don't waste your money. In the garbage it goes.

Fan or not this book is fun to color! It takes me back to when my kids where little and use to race home so they could watch Pokemon and my now teenager going out on his skateboard to play Pokemon Go. I had a ball coloring this picture!

This brings back fond memories of my childhood. PokÃ©mon is amazing and even if you love hate it. You need this coloring book in your life. It's also affordable so really do yourself a favor and get this book. You will laugh for days!

Omg they hit a home run on this one where else are you gonna get your daily dose of Pokemon AND swearing all in one place you get to be a kid again and a grown-up at THE SAME TIME illustrations are awesome to boot :)

This Pokemon Go coloring book is hilarious!! Whether you hate Pokemom or love Pokemon, this book is a must have for those with a sense of humor. It will have you laughing for hours while coloring.
