Since Pokemon Go started, everyone is playing and is talking about it. And so here I am, I installed the game, but I still don't know how to play it. This book is all about Pokemon and it's discussed everything clearly for beginner. I learned a lot on how to play this superb game! I recommend this book to those who are new in pokemon go.

This is a fabulous little book that helped me get started on Pokemon Go. Had I not read this little book I would still have been able to play Pokemon Go, but I would have missed out on a lot. The strategies provided in this book definitely helped me to know what I'm doing with the game and set me on the right track to level up more quickly, thereby having an overall greater Pokemon Go experience. All in all, this is an amazing little Pokemon Go book that is valuable asset to anyone who loves Pokemon and has started or wants to start playing this game.

The game Pokemon is going viral after it has been launched. Purchased this because it was free and im glad i did. The information that i got from this book excites me to download this game and play with it along with my friends for fun.I would suggest you to read this book if you are want to know more about Pokemon.

This game made to allow players of any age to travel the world and capture pokemon that hide in any corner. This book explains the ways in an easy mode how exactly one's should begin the game. As a beginner i'm happy to having this book. This book has given me a lot of new information and tips that I can follow while playing this book. Great read and worth purchasing!

finding out that this game can be played on the internet really made me happy.and finding out that

the game can also get my battery drained almost got me pissed until i came across the fact that there was a feature in the game settings that is called the battery saver mode which helps to keep my phone battery in a saver mode. this game is just thrilling and very easy to install. its just to organized and okay for people of all ages . this book is highly recommended for Pokemon players(beginners or not)

I love playing Pokemon Go. This book will teach you all the basics, strategies, tips, and secrets to become a high-level player in no time! I recommend everyone to read this book, and I'm sure you will enjoy reading this. This guide is very easy to read, it packed with a lot of detail that you need to become a master trainer in this game.

Getting to gather the four different types of balls this game of Pokemon Go can be very challenging. having to stop at almost all the Pokestops which is compulsory in the course of this game makes the game quite the adventure that it is. this book gave the step by step guide on the items that will lure out Pokemon for a winning result of the game. this book is a great study guide for the game of Pokemon.

I had a nice reading experience and there were good details inside which you can use when you play Pokemon Go. I have been playing ever since Pokemon Go was released that is why I can say that this read is pretty good. This book will definitely help you achieve that goal because it has almost everything you need to know, from how to search and hatch down on how to win your battle in this game. I am amazed how the author puts all the stuffs in here especially those things included at the latter part, better see it for yourself. Good guide!
