I really enjoyed reading through the many recipes in Chinese Cooking At Home. The presentation was excellent and though the book contains many recipes that I am familiar with it also included recipes that I had never heard of before. I found several recipes that I am looking forward to trying one, in particular, is the recipe for crab casserole. This is one of my favorite dishes when I go to my local Chinese restaurants, buffet along with crab Rangoon. Looking forward to trying some of these wonderful recipes.

This is a perfect cookbook for beginners. We have always liked wok dishes from the restaurant. Being inspired with this cookbook. As I am mixed up by our foods, maybe I should try some other country's food as well. And I choose this Chinese recipes. I will add this in my collection maybe at least twice or thrice a week until I completed all the menus here. Chinese foods are quite interesting to try so that I can feel or my family can feel that we are travelling to China for some vacation. Their salads are unique as well including the rice.

Awesome! If you have never cooked with a Chinese Wok or if you are very experienced with this cooking method already, either way this book is for you, never mind the title. Wonderful recipes easy to prepare and a delight to eat. Could write so much more but there are too many recipes in

this book for me to sample, can't tear myself away from my Chinese Wok right now, just to let you know, I recommend this book highly.

I love to cook, but Chinese food is typically not in my repertoire. There are just so many spices you need to get just right to make the right flavor. This book is a great guide to some of the best and most flavorful Chinese food recipes. Each recipe is complete with a picture of the dish as well, which was very helpful. My favorite recipe so far is the Chinese Veggie Fried Rice, though I can't wait to try the Cantonese Soup.
