God On Sex: The Creator's Ideas About Love, Intimacy, And Marriage

Synopsis

Daniel Akin does not write in a vacuum. Having lead over 300 marriage seminars across the United States, he is in touch with contemporary distorted perceptions of sex. But the Bible is not silent on this subject. As a matter of fact it has much to say. As the creator of sex, God knows and has imparted the knowledge of the conditions for sex at its best. Daniel Akin sets the many and varied misconceptions about sex alongside God's design to reveal His intention and blessing for this vital dimension of life.

Customer Reviews

It is a good study on God's view of sex, but it lacks some in depth analysis. It would be a great resource for marriage counselors and pastors alike. However, for those seeking an deeper analysis of sex in the Bible this is not it, it is very top level and does come with some analysis and commentaries but not a whole lot. All in all it is a great resource for pastors, counselors, and general people looking to improve their marriage, but it is not intended for deep study.

Wow. This is the best book that I have ever read on the subject of marital intimacy. It covers

everything. It is not a trashy or preachy book, it simply shares God's ideas on what marriage and intimacy should be like between husbands and wives. The book is based on the Song of Solomon, which is a book in the bible. The chapter headings are: 1. How to Begin a Love Story. 2. The Power of Praising your Partner. 3. How to Fan the Flames of Love. 4. Men are from Earth, and Women are from Earth... Deal with It! 5. Making Preparation for Marriage. 6. The Case for Marriage. 7. How to have A Great Wedding. 8. The Beauty and Blessing of Sex as God Planned it. 9. How to Avoid a Bad Night in The Bedroom. 10. Put Your Husband Where Your Heart Is and When a Man Loves a Woman. 11. Men Behaving Beautifully. 12. A Wonder of A Woman. 13. Love That Lasts a Lifetime. The book ends with a marriage covenant. This book is written in an easy to read style that works well for both men and women and both will benefit greatly.

This is a wonderful book! It is an easy read for anyone, whether you are a lay person in the church or a Biblical scholar. I would recommend this book to anyone seeking to get married. I was blessed by Dr. Akin to read this book about what a true biblical marriage looks like. I have read the Song of Solomon several times, but this book goes through the whole thing explaining it in detail. Very helpful and insightful read.

I would recommend this book, and I have, to anyone having issues in their marriage. This book is not about getting or having better sex, but it is about how a husband and wife should respect each other's in all areas of their marriage.

As a Sunday School teacher trying to teach young married couples what the Bible has to say about sex, this book has made it much easier. It takes the Song of Solomon and breaks it down into a teaching outline for you with great commentary and examples on the verses.

I got this book for a class on marriage and family counseling. It was a good read and gave me a lot of insight. I plan on going through this again when I get married as a refresher.
