Customer Reviews

Another book that has kept my son reading with enthusiasm. The price is right and anything that gets little boys reading has got to be good (and it is better than all the fart jokes I have been listening to!)

I consider this rating because the jokes that are in this book are funny. I would recommend this book, I mean the series, to all the people that like, I mean, love funny jokes. I liked everything, I did not dislike anything from the entire series. Thank you for reading this. Hope this helped you choose whether to buy this or not.

I chose this rating because I like jokes and I like to tell jokes to my friends. I like the jokes that talked about the apes I would recommend this book to my friend Haley Estal. And my teacher Mrs. Thorne.

I think it was funny because I like animals and jokes, so that's why I like this bookthankyou

The story was funny because they talked about animals and animals are my life and also the stories were lol and the jokes as well and the monkey is one of my favorite animals

A full range of jokes, from silly puns to laugh out loud knee-slappers. It was perfect for my 6-year-old comedian in training who delighted in reading it cover to cover.

I have a few great niece's and I was looking for some joke for them I would recommend this book to others love the fact it was an ebook for my kindle

I found that some of the jokes were above the understanding of my 9 year old while others were too similar to each other to be appreciated.
