# Cloud Computing - An Introduction

## Synopsis

Cloud is the next wave in technology evolution. Instead of purchasing expensive hardware and software and struggling with installation and maintenance, businesses big and small can leverage cloud for all their computing needs. This book provides a quick introduction to cloud and helps with a framework that you can use to make the cloud transition smooth and painless.

## Book Information

Best Sellers Rank: #95,985 Paid in Kindle Store (See Top 100 Paid in Kindle Store) #20 inÂ Kindle Store > Kindle eBooks > Business & Money > Industries > Information Management #24 inÂ Kindle Store > Kindle Short Reads > 45 minutes (22-32 pages) > Computers & Technology #25 inÂ Books > Computers & Technology > Networking & Cloud Computing > Cloud Computing

## Customer Reviews

Easy to follow and to understand. Great introduction to cloud computing services. I would recommend this book. Well written BH

Our company was an early adopter to the cloud. I wanted to better understand the types of cloud technology and benefits. This brief book did it for me.

Simple and straight to the poinr introduction to this topic. A two nights read at most containg core concepts of Cloud Computing.

Introduction and The framework to help to make the transit smooth. Clear & easy to follow
